I'm Jeremy Mauretz. I'm an Information Technology student with a versatile foundation spanning front-end web development, basic computer hardware assembly, and network troubleshooting. I am passionate about solving technical problems, maintaining reliable systems, and continuously expanding my practical skills in IT support environments.

EDUCATION

- | | |
|---|--------------------------------|
| • SMK Pariwisata Metland School - Cileungsi | Jul 2024 - Jul 2027 (Expected) |
| • SMP Citra Berkas Citra Indah | Jul 2020 - Jun 2024 |
| • Amal Kasih Elementary School | Jul 2014 - May 2020 |

PROJECTS & EXPERIENCE

- **Project PJBL Team - Dino Wallet [2025]:** Collaborated as a UI/UX Designer and Database Developer to build a seamless financial interface supported by a robust data architecture. I focused on translating complex user needs into intuitive Figma prototypes while optimizing backend schemas for secure, real-time transaction processing
- **Project Individual - TrackinID [2025]:** Engineered an end-to-end vehicle management platform featuring real-time GPS telemetry and a centralized monitoring dashboard. Developed a custom smart alert system designed to improve security through automated theft prevention triggers and instant user notifications.
- **Local Area Network (LAN) Setup & Troubleshooting [2026]:** Completed a practical school assessment focused on setting up and testing local network connections. Tasks included connecting physical hardware, configuring basic device settings, and identifying common connectivity faults.
- **MikroTik Basic Network Routing:** Successfully configured a MikroTik router during a hands-on technical test. Handled essential baseline tasks including IP address assignment, setting up a DHCP server, and testing basic internet connectivity.

ORGANIZATION EXPERIENCE

- | | |
|---|---------------------------|
| ITEC (Information Technology Engineering Club) | Feb 2025 - Present |
| <ul style="list-style-type: none">• Produced visual documentation (photos and videos) for over 3 official ITEC events, creating a neat and organized digital archive for publication purposes• Performed post-production and editing on over 10 media pieces, enhancing the visual quality of the club's brand identity and supporting engagement growth on the organization's digital platforms | |

SOFT SKILL AND HARD SKILL

- | | |
|--|---|
| Soft Skills <ul style="list-style-type: none">• Analytical Troubleshooting• Project Coordination & Asset Tracking• Technical & Visual Communication• Adaptive Problem Solving• Time Management & Prioritization | Hard Skills <ul style="list-style-type: none">• MikroTik Routing & Administration• Local Network Deployment (LAN)• Computer Hardware Diagnostics & Assembly• OS Installation & Configuration (Windows/Linux)• Front-End Web Programming (HTML, CSS, JS)• Interface Design & Prototyping (Figma, Canva)• Scripting & Multimedia Production (Python) |
|--|---|

ADDITIONAL INFORMATION

- **Languages:** English [B1], Indonesia
- **Certifications:** STADA Citra Orientation [Kemah Blok] Metland School 2024
- **Activities:** Joined the ITEC (Information Technology Engineering Club) and served as Equipment Manager and Documenter
